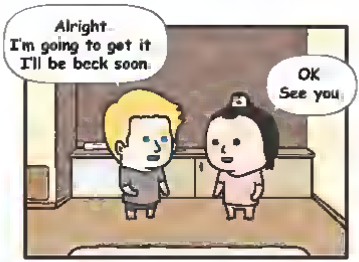
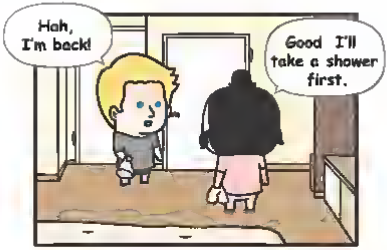
Breakfast, Lunch, Dinner

1 Breakfast

We had most breakfasts in the flat.



The menu wos a bowl of cereal with milk

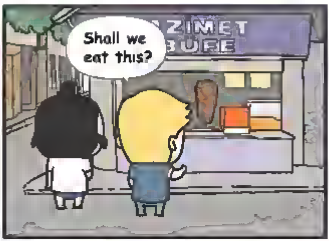


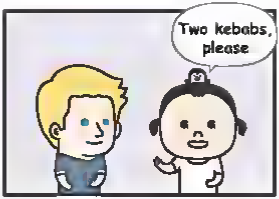
In a while.

We found that it was hard to find milk in Turkey.
They seemed to prefer yoghurt to milk

2 Lunch

Hungry.



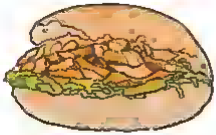


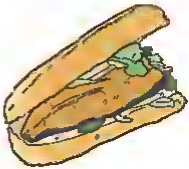
The meal that we could get most easily was a kind of sandwich, which was called a hebab.

For example...

'Doner kebab'

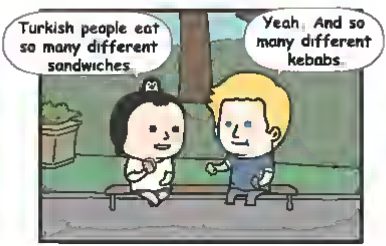
'Chicken kebab'

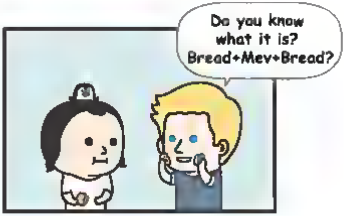


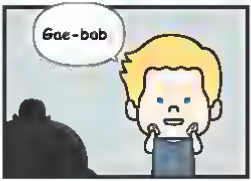


'Mackerel kebab'

...







Insulting himself.

* Gae-bab: Dog food (aka something very trivial)

3 Dinner

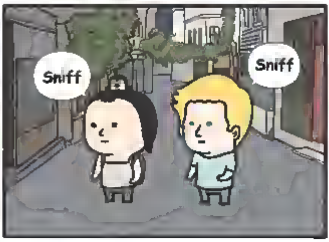
See.
What a day!

We failed to visit the masque, grand bazaar.
And all the shops were so bad
Especially the dessert shop. Their service was terrible.

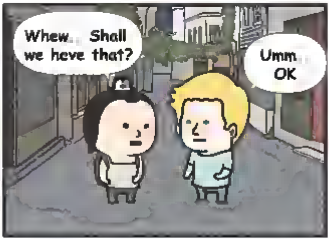
That day was so bad.
Everything didn't wark as we had wished.

On the way back to the flat.

What's this smell?

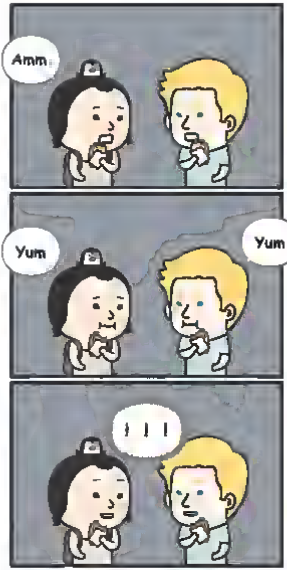


We saw a sandwich cart.



Two meatball sandwiches please.

Teşekkür.



Amm
Yum

Good food makes a good day.

All the food that we had in Turkey is in Penguin's Vlog video.
